- F.2.29 52.247-57 Transportation Transit Privilege Credits (Apr 1984)**

(a) If the offeror has established with regulated common carriers transit privileges that can be applied to the supplies when shipped from the original source, the offeror is invited to propose to use these credits for shipping the supplies to the designated Government destinations. The offeror will ship these supplies under commercial bills of lading, paying all remaining transportation charges connected with the shipment, subject to reimbursement by the Government in an amount equal to the remaining charges but not exceeding the amount quoted by the offeror.

(b) After loading on the carrier's equipment and acceptance by the carrier, these shipments under paid commercial bills of lading will move for the account of and at the risk of the Government (unless, pursuant to the Changes clause, the office administering the contract directs use of Government bills of lading).

(c) The amount quoted below by the offeror represents the transportation costs in cents per 100 pounds (freight rate) for full carload/truckload shipments of the supplies from offeror's original source, via offeror's transit plant or point, to the Government destination(s) including the carrier's transit privilege charge, less the applicable transit credit (i.e., the amount (rate) initially paid to the carrier for shipment from original source to offeror's transit plant or point).

(d) The rate per CWT quoted will be used by the Government to evaluate the offered f.o.b. origin price unless a lower rate is applicable on the date of bid opening (or closing date specified for receipt of offers). To have the offer evaluated on this basis, the offeror must insert below the remaining transportation charges that the offeror agrees to pay, including any transit charges, subject to reimbursement by the Government, as explained in this clause, to destinations listed in the Schedule as follows:

Rate Per CWT in Cents: _____
To Destination: _____

(End of clause)

F.2.30 52.247-60 Guaranteed Shipping Characteristics (Jan 2017)

(a) The offeror is requested to complete paragraph (a)(1) of this clause, for each part or component which is packed or packaged separately. This information will be used to determine transportation costs for evaluation purposes. If the offeror does not furnish sufficient data in paragraph (a)(1) of this clause, to permit determination by the Government of the item shipping costs, evaluation will be based on the shipping characteristics submitted by the offeror whose offer produces the highest transportation costs or in the absence thereof, by the Contracting Officer's best estimate of the actual transportation costs. If the item shipping costs, based on the actual shipping characteristics, exceed the item shipping costs used for evaluation purposes, the Contractor agrees that the contract price shall be reduced by an amount equal to the difference between the transportation costs actually incurred, and the costs which would have been incurred if the evaluated shipping characteristics had been accurate.

F.3 TERM OF BASIC CONTRACT

The period of performance consists of one (1) five-year base period plus one (1) three-year option period and one (1) two-year option period (Ordering Period of Performance). The Government may unilaterally exercise the option periods.

Base period	10/16/2017 through 10/15/2022
Option period 1	10/16/2022 through 10/15/2025
Option period 2	10/16/2025 through 10/15/2027

The Government may extend the term of this contract by written notice in accordance with FAR 52.217-9, Option to Extend the Term of the Contract.

F.4 TASK ORDER PERIOD OF PERFORMANCE

The term for each Order placed under the Basic Contract shall be specified in the individual Order. Under no circumstances may an Order be placed under the Basic Contract if the Basic Contract has expired, or has been terminated or cancelled by the Government. Based upon the schedule in F.3, the Base Period expires October 15, 2022. If all options are exercised, the Basic Contract will expire on October 15, 2027. (See FAR 52.216-18, 52.216-19 and 52.216-22.)

Task Order performance can be performed up to October 15, 2032, which is past the Basic Contract expiration date, only when: (1) orders are issued before October 15, 2027; and (2) options are included at initial issuance of the Order. The FAR Clause 52.217–8 Option to Extend Services cannot be used to extend work past October 15, 2032.

After the CS3 basic contract term expires, CS3 will remain an active contract until the final task order is closed-out and shall govern the terms and conditions with respect to active task orders to the same extent as if it were completed during the CS3 basic contract term.

Accordingly, the cumulative term of CS3 basic contract may span up to 10 years. No individual task orders may exceed ten (10) years, inclusive of options, from the date that the task order is placed; the cumulative term of all task orders placed under CS3 may span up to 15 years.

Notwithstanding anything to the contrary above, an ordering agency may place a multi-year task order under the CS3 Basic Contract; a task order using multi-year contracting methods must be consistent with FAR Subpart 17.1 and any applicable funding restrictions.

F.5 PLACE OF PERFORMANCE

The place of performance and/or delivery requirements will be specified in each individual order.

F.6 DELIVERIES
